

Consumer data privacy policy

CyberBridge respects your privacy and is committed to protecting it. This document describes CyberBridge's Consumer Data Privacy Policy, that is, how personal information is collected, used and disclosed by CyberBridge, and how we protect your privacy and treat your data when you submit personal information to us.

Personal Information Collected .

CyberBridge collects information from you in various ways when you visit or use our web sites. For example, we collect information if you provide directly to us, such as your name, email address, phone number, number of crypto wallet and other information.

Passive Information.

Some information is automatically collected when you visit our web sites, such as your computer's operating system, internet protocol (IP) address, access times, browser type and language and referring web site addresses. We also collect information about your usage and activity on our sites.

Cookies.

We may automatically collect cookies. Cookies are small data files stored on your hard drive by a web site. Cookies help us improve your experience on our web sites. We use cookies to see which areas of our web sites are popular and to count visits to our web sites. If you set your browser to not accept cookies, this may affect certain features or services of our web sites.

Web Beacons.

We may collect information using web beacons. Web beacons (or "gifs") are electronic images that may be used on our web sites or in our emails. We use web beacons to deliver cookies, count visits, or to tell if an email has been opened or not and acted upon.

Use of Personal Information We Collect.

We may use information collected by our web sites for purposes described in this Policy or disclosed to you on our web sites terms and conditions of use. As an example, we may use your information:

- to improve our web sites;
- to respond to comments or questions that you may submit and to provide customer service;
- to send you information which may include order confirmations, invoices, technical information, updates, support and administrative messages;
- communicate with you about upcoming events, seminars, promotions, contests, new products and services.

Sharing of Personal Information.

We do not share your personal information with third parties other than as follows:

- in an aggregated form that does not identify you;
- with third party vendors, consultants and other service providers who are working on our behalf and need access to your information to carry out their work for us;
- to (a) comply with laws or respond to subpoenas, warrants or other court orders regarding information concerning any user, (b) to disclose information if we believe that such disclosure is necessary to protect us from legal liability, (c) to protect the rights and property of CyberBridge

including to enforce our agreements, policies and terms of use, or (d) in the good faith belief that disclosure is needed to respond to an emergency or to protect the personal safety of any person;

For the purposes of AML compliance/KYS verifications, we use the Shuftipro.com services as one of the effective and reputable customer verification services, to handle all of your sensitive ID and credit card information. All information that you enter during the verification process (or subsequently edit) is received and processed directly by the highly secure servers at Shuftipro.com.

Security of Your Personal Information.

CyberBridge takes reasonable measures to protect your personal information from loss, misuse, unauthorized access, disclosure, alteration or destruction.

We limit access to such information to authorized personal on a “need to know” basis only. Information collected by CyberBridge is stored on secured servers that are protected with firewalls and Secure Socket Layers (SSL).

Your Information Choices.

You may opt out of receiving promotional emails from CyberBridge by following the instructions in those emails. You may also send requests or changes about your contact preferences and information by sending an email to support@goldmint.io. If you opt out of any of our email lists, we may still send you non-promotional emails, such as emails about your account or ongoing business relations.

Credit Card Transaction eCheck.

Credit card number, ABA Number, Credit card verification number, Account Number Expiration date -

this information is sent directly to our payment provider who processes the payment. The credit card or bank information is neither recorded nor stored by CyberBridge, and it can only be accessed by our payment provider. The transaction has an extremely high level of security. We use Decta.com, one of the reputable credit card processing gateways, to handle all of your sensitive credit card and bank account information. All credit card that you enter during the registration process (or subsequently edit) is received and processed directly by the highly secure servers at Decta.com, using encrypted Secure Sockets communications, and is never stored at our facilities. CyberBridge’s customer service and tech support personnel do not have access to this information - your confidential data is completely under your control.

Changes to this Policy.

Cyberbridge may change this policy from time to time. Any changes to this policy will be posted as soon as reasonably possible and will become effective immediately. If changes are made, the Revision date (month / year) will be changed in the document footer. Use of the CyberBridge web sites constitute consent to any policies then in effect.

Operator.

The operator of the CyberBridge web sites is: goldmint.io

Address: Harju maakond, Tallinn-Narva mnt 7-353, 10117, Estonia.

Hereby I, _____ agree with the Policy stated above.
